The screenshot displays the Galileo Desktop application window. At the top, the 'Travelport ViewTrip™' logo is visible. Below it, there is a header for 'Galileo Leisure by Travelport' with a palm tree graphic. The main content area is divided into two panes. The left pane shows a list of hotels with columns for hotel name, location, dates, and prices. The right pane is titled 'RoomMaster Images' and displays a gallery of hotel room photos with captions.

## E-Travel SA – Customer Feedback

“Selecting Galileo as our partner for air content has proved a very wise choice. Since the very beginning the whole team was supportive and responded to all our queries, business and technical promptly. The GWS platform was well documented and their technology enabled all features that we had planned for our flights application. We believe that Galileo is a partner we can rely on as we are expanding our operations.”

*Nikos Goulis, Managing Director*
